If approved, there will be an Entry Permit Fee required. Fees are based on the purpose of entry & details specific to each application. Please note that if, for any reason, you have a need or are required to submit a revised/amended application, said revised/amended application shall be subject to the Application Amendment Fee of \$250.00.

If approved, applicant may be required to meet with Railroad Manager to review safety requirements.

Proof of Public Liability or Commercial Liability Insurance will be required. If project is within 50' of the railroad track, Railroad Protective Liability Insurance will be required also. R.J. Corman's policy does not provide for the option of adding a rider to its policy as a substitute for applicant's purchase of its own policy.

Your RJC Entry Permit number should be included on your certificate. This agreement number will be assigned with application approval.
